iHOUSE Web Solutions Releases First-to-Market Test Drive for IDXPro

Real estate agents can now take a free, no-obligation test demo of IDXPro's Branded MLS Search Solutions.

OAKLAND, CA, February 9, 2007—iHOUSE Web Solutions™, a leader in realtor web site design, hosting, and online marketing services, now offers a free, no-obligation test drive of IDXPro, a branded MLS search tool for real estate agents. This test drive lasts for two weeks, during which time the real estate agent can become acquainted with both the IDXPro user interface and the search tool.

"We are among the first real estate web marketing solutions providers to design and release a method for agents to try an IDX service before they buy it," said Paul Sheng, iHOUSE CEO. "This will give agents a chance to become acquainted with our sophisticated IDXPro search tool."

Features of IDXPro include:

- Access to 300 MLS boards and counting – more than any other IDX provider
- Seamless lead tracking
- Clients can search through the entire MLS without ever leaving the agent's website
- HouseTrack™ daily email alerts and summary reports
- Printable version flyers
- An interactive Google Map with icons representing property listings in specific areas
- Email address validation

IDXPro is available to all agent and broker websites, not just those real estate professionals who have iHOUSE websites. At the end of the two week trial period, agents can subscribe to the IDXPro service for as low as \$29.98 per month. For more information, please visit www.idxpro.com.
