IDXPro Service from iHOUSE Web Solutions Now Includes Eight New Realtor Association MLS Boards

Eight U.S. Realtor association boards have authorized MLS-IDX searches on members' real estate web site through the iHOUSE IDXPro service. Realtors can now see if their MLS is among the growing list of 300+ boards nationwide that display MLS listings onto all websites with IDXPro.

OAKLAND, CA, December 22, 2006—iHOUSE Web Solutions™, a leader in realtor web site design, hosting, and online marketing services, now offers eight additional Realtor associations' MLS-IDX feeds.

The IDXPro service is available for all websites, not only iHOUSE websites. With IDXPro, clients can search through the entire MLS without ever leaving a realtor's web site. IDXPro also includes an interactive Google map that maps property listings to specific geographic searches, so clients can easily grasp property locations.

The new MLS-IDX data feeds include:

- California: Shasta Association of Realtors
- California: Inglewood Board of Realtors
- California: Pasadena Foothills Association of Realtors
- Colorado: the Montrose Association of Realtors
- Illinois: Quad City Area Realtor Association
- Montana: Bitterroot Valley Board of Realtors
- North Dakota: Bismark Mandan Board of Realtors
- Virginia: The Real Estate Information Network (Brokers only)

Find out if your MLS is included among those offered with the IDXPro service, visit the iHOUSE corporate website at <http://www.ihouseweb.com/>, and clicking on "Have my MLS?"
